BATHROOM COLLECTIONS to inspire you

Welcome to The IPG bathroom collection, which introduces you to the wide variety of products available from the group's nationwide member network – all of whom are helping you to buy the best brands at great prices.

Whatever the size of your project and budget, this brochure is certain to inspire you as it is packed full of market-leading suppliers, spotlighting their extensive product ranges and new product developments.

Are you dreaming of a new luxury bathroom with all the latest products and technology? Does the downstairs toilet need a refresh? Are you looking to install an innovative smart toilet? Or do you simply need to replace a set of taps? Whatever your bathroom plan is, The IPG members will offer you their expert and unbiased advice.

Why choose a member of The IPG?

The IPG is a membership organisation for local independent bathroom showrooms and plumbing and heating merchants. Many of its members are family-owned, often with a history that spans more than one generation.

It provides members with the resources, marketing support, and purchasing power to enable them to compete with larger national enterprises. It is committed to encouraging communities to support their local specialists, where as well as the attraction of quality products at competitive prices, you will always receive an unrivalled service.

Linea grey

Linea range

Linea is a design classic, from the soft close handleless drawers and doors to the slightly rounded edges, this is a range of bathroom furniture that is delightfully understated. Available in both wall hung and floorstanding double drawer vanity units and a tall cabinet with doors and shelving, there is ample storage for all those bathroom essentials.

Durable. Dirt and water repellent. Light resistant. Silky smooth. The innovative collection City. Available in 5 on-trend colours. In sizes W400, W600, W800 and W1000mm.

Smooth surface

Feel it — the silky-smooth surface is both nice to the touch and lovely to look at.

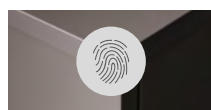

Matt surface

The matt surface reflects a minimum of light and creates a soft effect in your bathroom.

Scratch resistant material

The most scratch resistant surface nano-technology can offer, increasing wear resistance and sustainability.

Anti-fingerprint

The special surface used is dirt and water repellent and fingerprint free.

tissino

Tissino is an Italian inspired brand of stylish and contemporary bathroom products.

Crisp, clean lines for a modern look.

Choose from close-coupled units with integrated cisterns, neat back to wall pans or a wall hung pan that increases the room's visible floor area.

We at Roca have spent over one hundred years assisting families and writing the story of their homes with them. A story that has become our own, being a part of the drive that allows us to look ahead with optimism offering customised proposals for each individual. Today, all of us at Roca take the best of our past to write our present and face our future. We are committed to leading the revolution of personal hygiene thanks to rimless technology featured in most of our WC solutions.

All products in a WC set must be purchased separately

Granley

Love a little opulence from a bygone era? Granley boasts iconic, bold lines influenced by the work of Edwin Lutyens, considered to be one of Britain's greatest architects.

One of our most established and popular suites, Granley provides a timeless and monumental style to any space – allowing you to introduce its bold angular lines and architectural integrity into the largest bathroom or smallest cloakroom.

TAPWORKS®

WATER SOFTENERS

Hard water can cause some costly problems in your home, it causes limescale to build up and this can damage your plumbing, showerheads, screens, and taps over time.

A Tapworks water softener provides you with softer water in your bathroom – helping to eliminate this problem.

- Market-leading, 7 year guarantee
- High flow valve compatible with vented and unvented systems
- Simple fit-and-forget installation
- Comes with easy fit all-in-one installation kit
- Up to 32% cheaper to run
- Full technical support

Domestic water softeners

All suitable for 15mm and 22mm pressurised systems

Due to manufacturing processes all dimensions are approximate. Where applicable, height dimensions for the WC pan do not include the seat dimensions and height dimensions for wall-hung WCs include the recommended installation height.

Remote control

- Low battery warning
- Light signal indicates air and water temperature, water pressure and nozzle position

- Easy to operate – even with one hand
- Magnetic attachment of remote control to wall support
- Washing and drying function controls

Detachable nozzle tip
The nozzle tip is removable for easier cleaning.

Easy to clean surface
The bowl does not have any edges, corners or nooks making cleaning easier.

Removable seat
Seat and cover are easily removed making cleaning more hygienic.

High-quality materials
All materials used are of the highest quality.

Rimless technology
The wall-hung version of the In-Wash® Nova has rimless technology.

Self cleaning nozzle
In-Wash® Nova has a retractable self cleaning nozzle that operates before and after each use.

The logo for the 'indi' brand, featuring a stylized white 'i' inside a white circle, followed by the lowercase letters 'n', 'd', and 'i' in a clean, sans-serif font. A registered trademark symbol (®) is located to the right of the final 'i'.

Aptly named, The IPG has introduced the indi brand to support its independent members

Launching with a selection of **standard**, **premium**, and **ultimate** toilet seats, the indi range includes all the necessary fittings and offers a variety of different features to ensure that you will find the perfect seat for you.

With designs that work in almost any setting, they are an essential bathroom accessory, the products shown include standard and slow close options.

Pick up a seat today!

indi Standard toilet seat

Featuring the patented Ultra-Fix fixing system, the indi Standard toilet seat will not loosen over time. Made from virtually indestructible thermoplastic with adjustable bottom fix hinges, this seat was built to last.

Shower trays and enclosures

- Safety and confidence
- Easy clean
- Comfort

Put safety and luxury at the heart of your new bathroom with SENSTEC anti-slip shower tray. The patented anti-slip technology (UK Patent No. GB2551138) makes SENSTEC one of the safest anti-slip shower trays on the market. Do not compromise on style with unlimited colour options, custom made to meet your exact requirements. With a large range of shapes and sizes, our shower trays are compatible with all standard shower enclosures and will fit seamlessly into your new bathroom.

Where science meets style

Our research led us to two methods of measuring slip resistance the pendulum test and the ramp test, BS 7976–2:2002 and DIN 51097 respectively. We test our product using both standards. With excellent results!

It's all about the dimple

We've worked with the aerospace industry to develop the perfect dimple. A dimple that provides grip without compromising on comfort or cleanability.

Barefoot ramp test (DIN 51097)

Tray tilted in wet and soapy conditions to 30°.

Pendulum test (BS 7976–2:2002)

A PTV value of 36 = 1 in 1,000,000 chance of slipping!

*chance of slipping

Elegant solutions for beautiful bathrooms

Create beautiful spaces with our waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood, offering you a range of design possibilities, allowing you to reinvent your bathroom in a style that is uniquely yours.

Our unique Hydrolock installation system makes it possible to join panels from our Linda Barker, Classic and Neutrals Collections together to create an almost seamless expanse of waterproof wall.

Why Multipanel®

-  Easy to keep clean
-  Fully waterproof
-  Quick and easy to install
-  30 year warranty
-  Almost seamless joint with Hydrolock®
-  Can be installed over old tiles

Helping to protect our forests for the future

By buying Multipanel® you help to take care of the world's forests

MADE IN BRITAIN

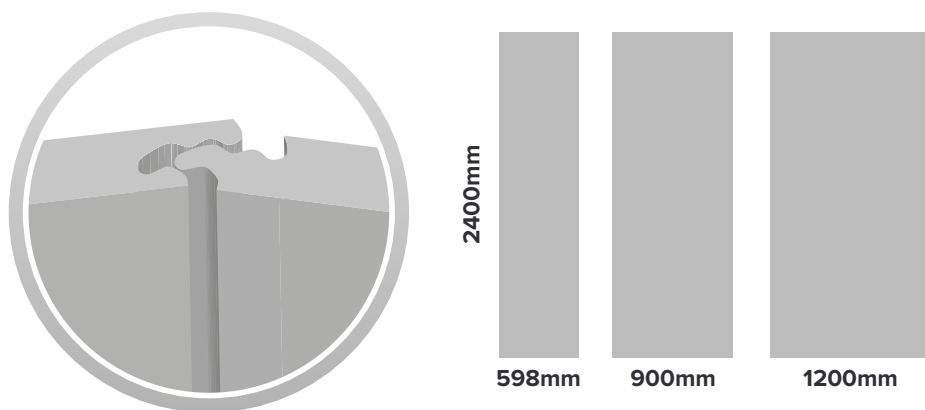

Riven slate: The Classic Collection
Dove grey: The Neutrals Collection

Hydrolock® for beautiful continuous walls

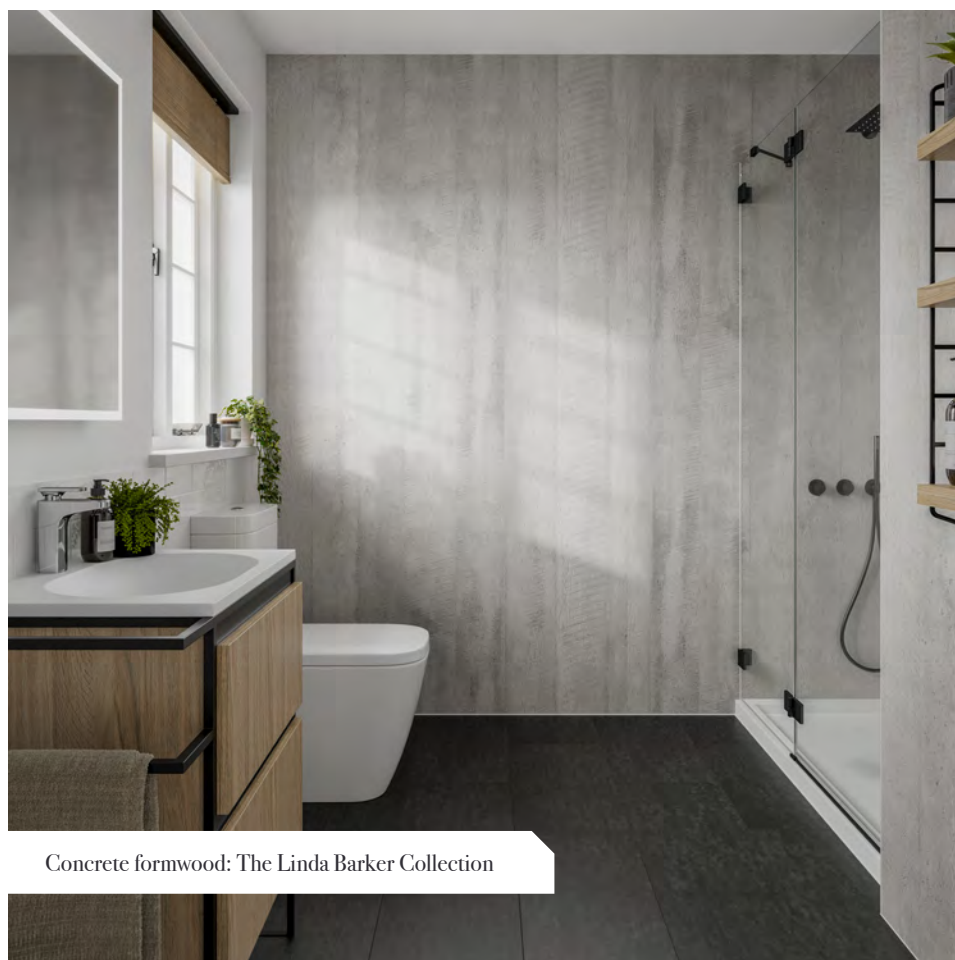

We created Hydrolock® to enhance the visual impact of our wall panels. Precisely engineered, the Hydrolock® edge allows panels to be joined together, without the use of mid-joints, to create a smooth, almost seamless expanse of waterproof walls.

With an industry leading 6mm tolerance, Hydrolock® panels are easy to install and produce a great finish every time.

Hydrolock® panels are available in a range of widths for ease of installation; H2400 × W598mm, H2400 × W900mm and H2400 × W1200mm

The Hydrolock® joint reduces the finished face by 18mm i.e. H2400mm × W1200mm becomes H2400 × W1182mm
Straight edge panels are also available

Concrete formwood: The Linda Barker Collection

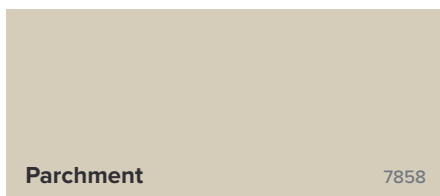

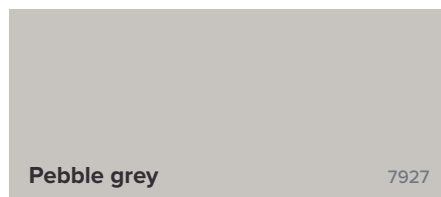

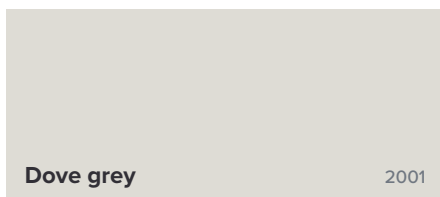

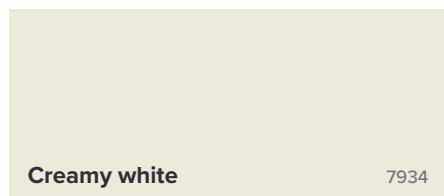

Pebble grey: The Neutrals Collection | Concrete elements: The Linda Barker Collection

The Neutrals Collection

The perfect partner to feature walls.

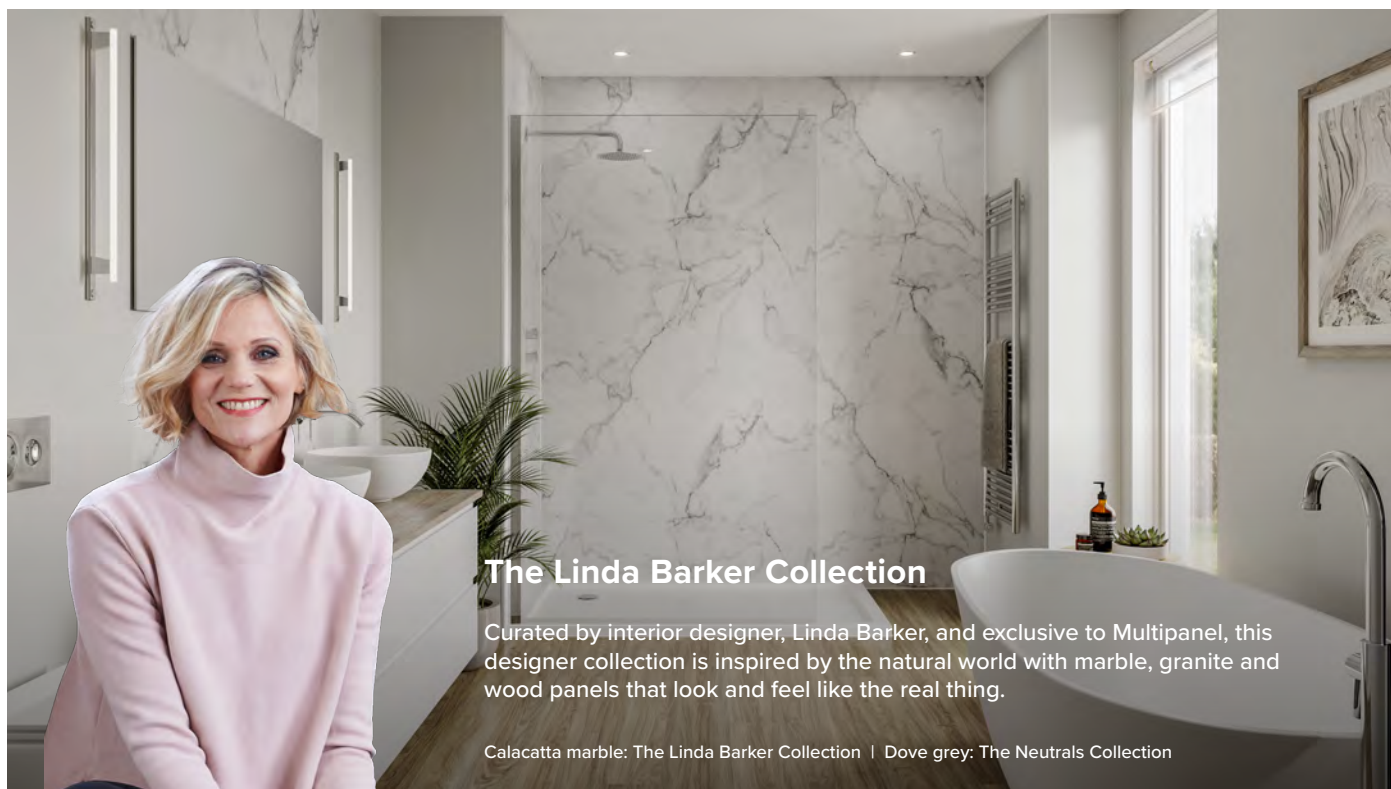

Balance the boldness of our feature wall panels with the subtlety of our Neutrals Collection. A delicate balance of neutral tones, this range is reminiscent of painted walls with a smooth eggshell finish and is designed to pair perfectly with our Linda Barker and Classic Collections.

These shades would work equally well on their own for a minimalist, contemporary look.

Fibo

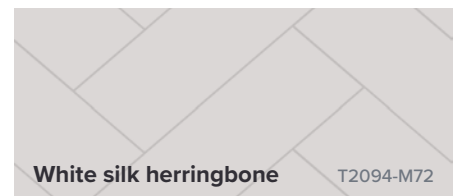

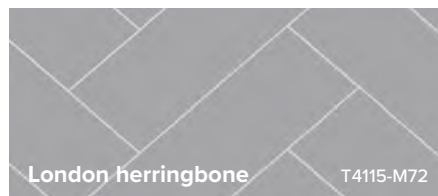

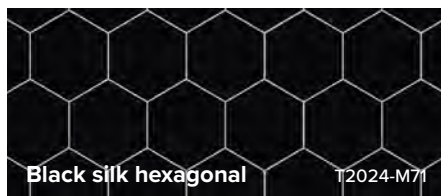

Black silk hexagonal

100% Waterproof wall panels

Designed and manufactured in Norway – the home of wood technology and contemporary Scandinavian styling. Fibo is the leading supplier of waterproof wall panels in Europe. Tried and tested in Norway for 70 years, Fibo was the first to make a ‘click’ system for walls. The panels are also routed out with a realistic grout line, creating a 3D tile effect, that you can see and feel. Positioned carefully over the panel joints – the mock grout lines are so realistic that you’ll struggle to tell the wall is panelled and not tiled! Designed to make installation easy and efficient, this wall panel system can be mounted up to **five times faster** than tiles.

Available in a choice of designer colours and textures. Made from 7 layers of birch plywood and a high-pressure laminate surface, that’s verified to be antibacterial. There’s no more cleaning mould and worrying about bacteria growing between tiles anymore. Why tile when you can Fibo?

Prices from £139.00

Elements wetroom glass – complete the look

The easiest way to order your wetroom glass. In 3 easy steps, choose from a range of glass widths, thicknesses, channel and support types. With over 1,100 combinations and options.

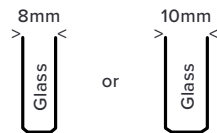

Step one

Choose your glass size and thickness

Our toughened safety glass wetroom panels come in 12 different widths and both 8mm and 10mm thicknesses. They also have special Easi-Clean coating on one side.

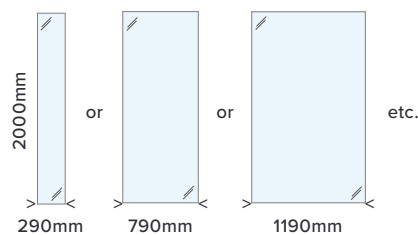

A. Choose your glass thickness

B. Choose your glass width

(12 sizes available)

Please ask The IPG member store for details and availability of the full range of products from each brand

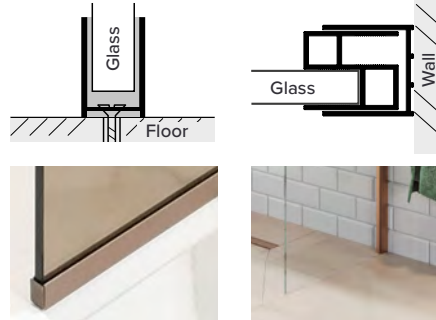

Step two

Choose the type and finish of your glass channel pack

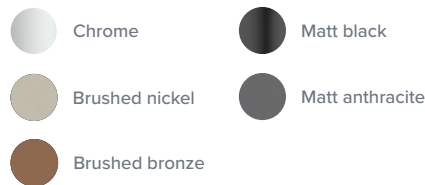

We manufacture wetroom glass channels in both recessed and surface versions for the ultimate chic wetroom look. The channels are available in five stunning finishes.

A. Choose your glass channel

Surface channel or Adjustable channel

B. Choose your designer finish

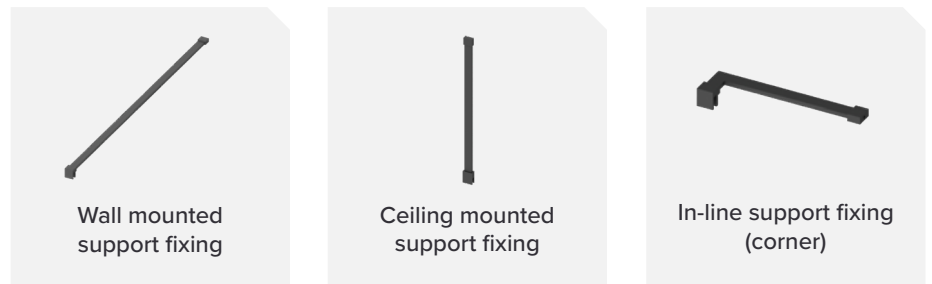

Step three

Choose your required method of glass support fixing

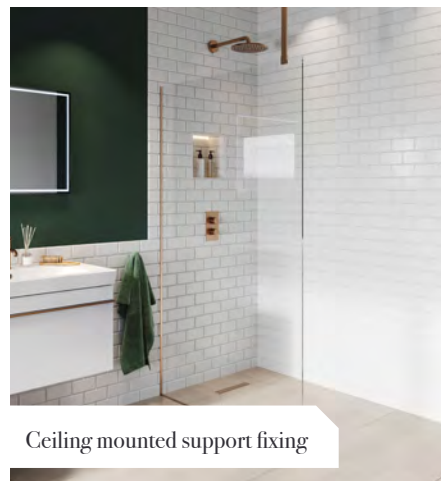

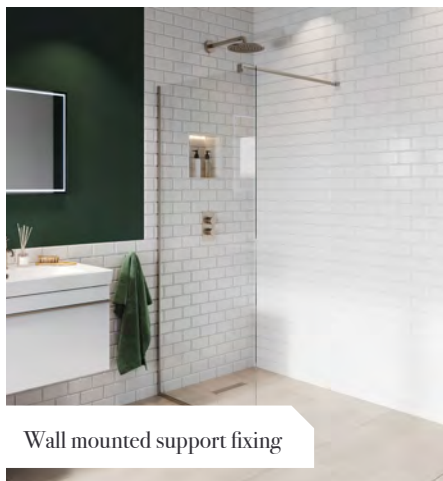

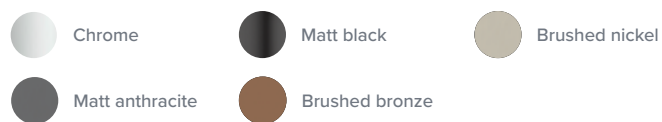

We offer three types of support in all our finishes:

1. Wall support
2. Ceiling support
3. In-line wall support (for up to 800mm width glass)

A. Choose your method of glass support

B. Choose your designer finish

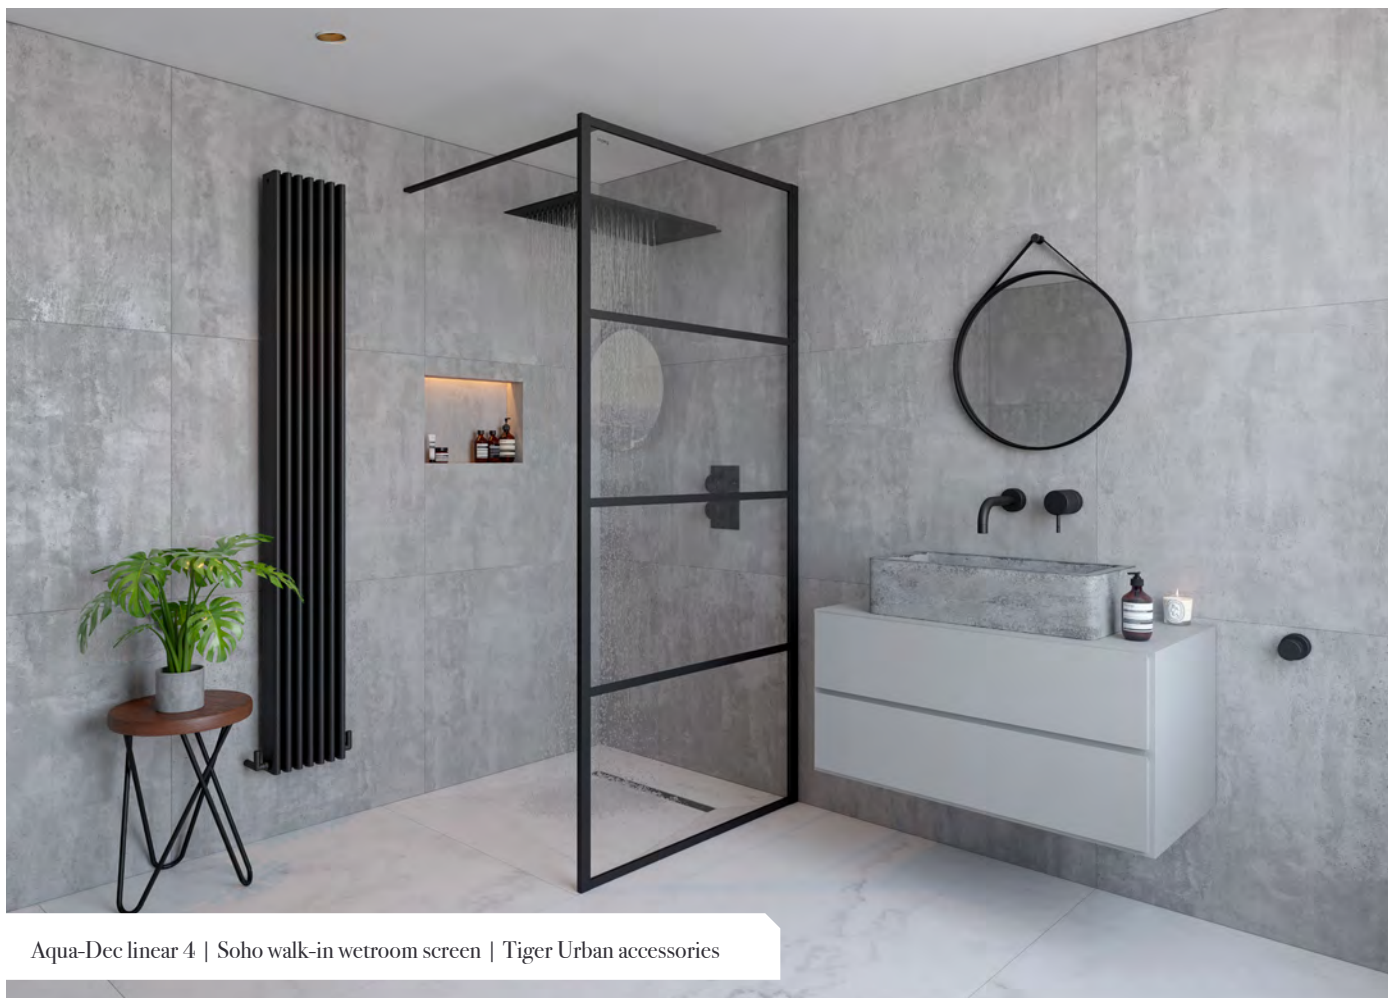

The UK's market-leading wetroom brand.

As a dedicated wetroom manufacturer, our focus at Impey is on technical excellence and unbeatable product quality. Creating practical and innovative solutions for every possible situation.

Made in the UK

Aqua-Dec linear 4 | Soho walk-in wetroom screen | Tiger Urban accessories

How to create a leak-free wetroom

Step 1 Floor former

First select the floor former that's right for the situation. There are a range of 6 solutions to choose from in the Impey range.

Step 2 Waterproofing

We've made creating a perfect waterproof and leak-free environment simple with our WaterGuard technology, designed and tested for use on both floors and walls.

Step 3 Underfloor heating

A highly recommended finishing touch to add real comfort to your wetroom. Aqua-Mat is a highly efficient underfloor heating system fitted under the tiles.

Step 4 Wetroom screens and accessories

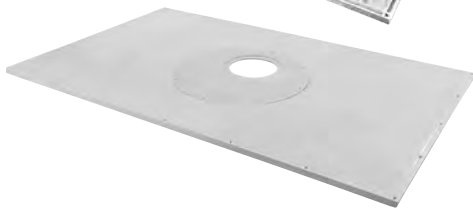

Complete your wetroom look with a stylish glass wetroom panel and bathroom accessories. Wetroom panels help restrict water escaping the showering area.

Lifetime Watertight Guarantee

Install WaterGuard™ system with any Impey floor former and receive Lifetime Watertight Guarantee*.

Please ask The IPG member store for details and availability of the full range of products from each brand

Our dedication to quality has resulted in sustained growth by offering a diverse range of lighting and the very latest in technology.

All of our mirrors and mirror cabinets are tunable white, enabling users to choose the colour of the LED from warm white, to natural white or to cool white. They are all also dimmable, and feature a demister for a fog-free mirror.

USEFUL INFORMATION

to help you

A new or updated bathroom can be a large or small investment of your time and money and therefore getting it right and avoiding potential mistakes will help your project run more smoothly and could help you turn your house into a home that you can be proud of.

These tips will help you to avoid some of the common mistakes and get the most from your investment.

Match your own lifestyle

It's essential that you plan your bathroom around your own needs, ensuring plans reflect your lifestyle and not someone else's. You may prefer a leisurely, relaxing bath, or if you have teenagers, you may expect the bathroom to cope with far more use than a retired couple. **Whatever your needs, The IPG member store teams can help find the right solution by discussing what is important to you.**

Choose products that match or compliment each other

Choosing your bathroom fittings from different locations might save you money, but the products won't always live happily together.

Why risk a mishmash of different quality items when The IPG member showroom nearest to you will give you every possible opportunity to see, touch, and feel your preferred choices? Make sure that you don't have to live with those wrong choices!

Tiles or wall panels can mean so much

It's all too easy to be carried away with a particular tile design or colour and forget about the actual size and shape of your bathroom. **The IPG member store can share many useful tips with you, such as using the same colour tiles on the walls and floor to make a smaller bathroom feel bigger.**

The details can make or break the end result

Selecting a stunning rainwater shower might be a great fashion choice until you discover your water pressure is too low to keep up with its demands. **Getting expert guidance from The IPG member store nearest to you is the only way to be absolutely sure.**

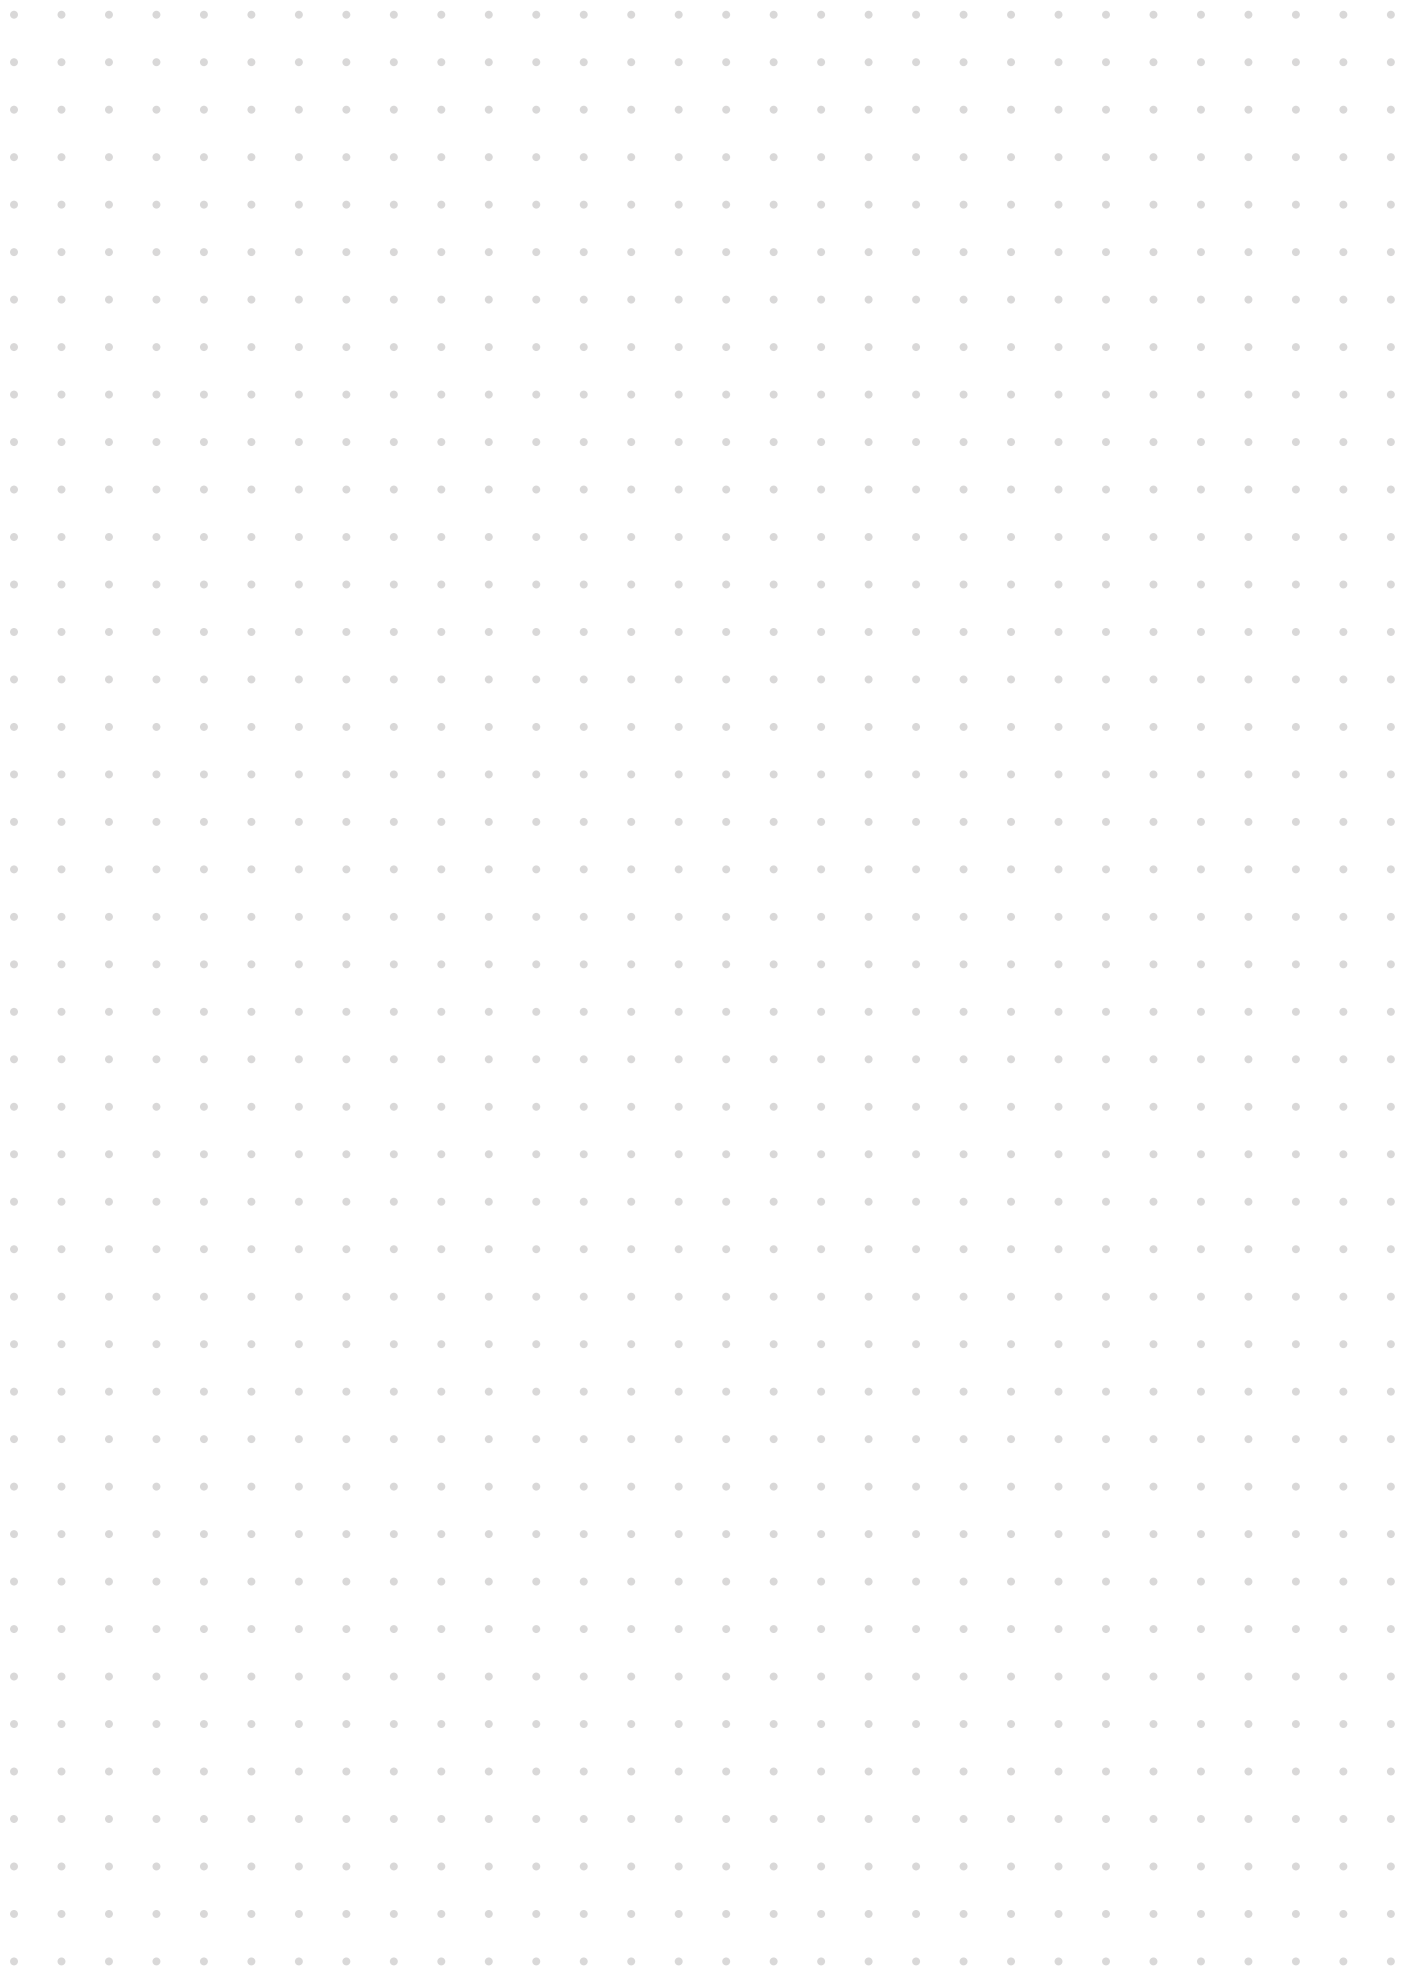

Planning a bathroom isn't just about colour or style, it's about the practicalities too. Getting everything right from lighting and ventilation to plumbing and drainage – as well as mysteries like water pressure and building regulations. Getting them wrong is inviting disaster!

Spend enough to achieve what you want

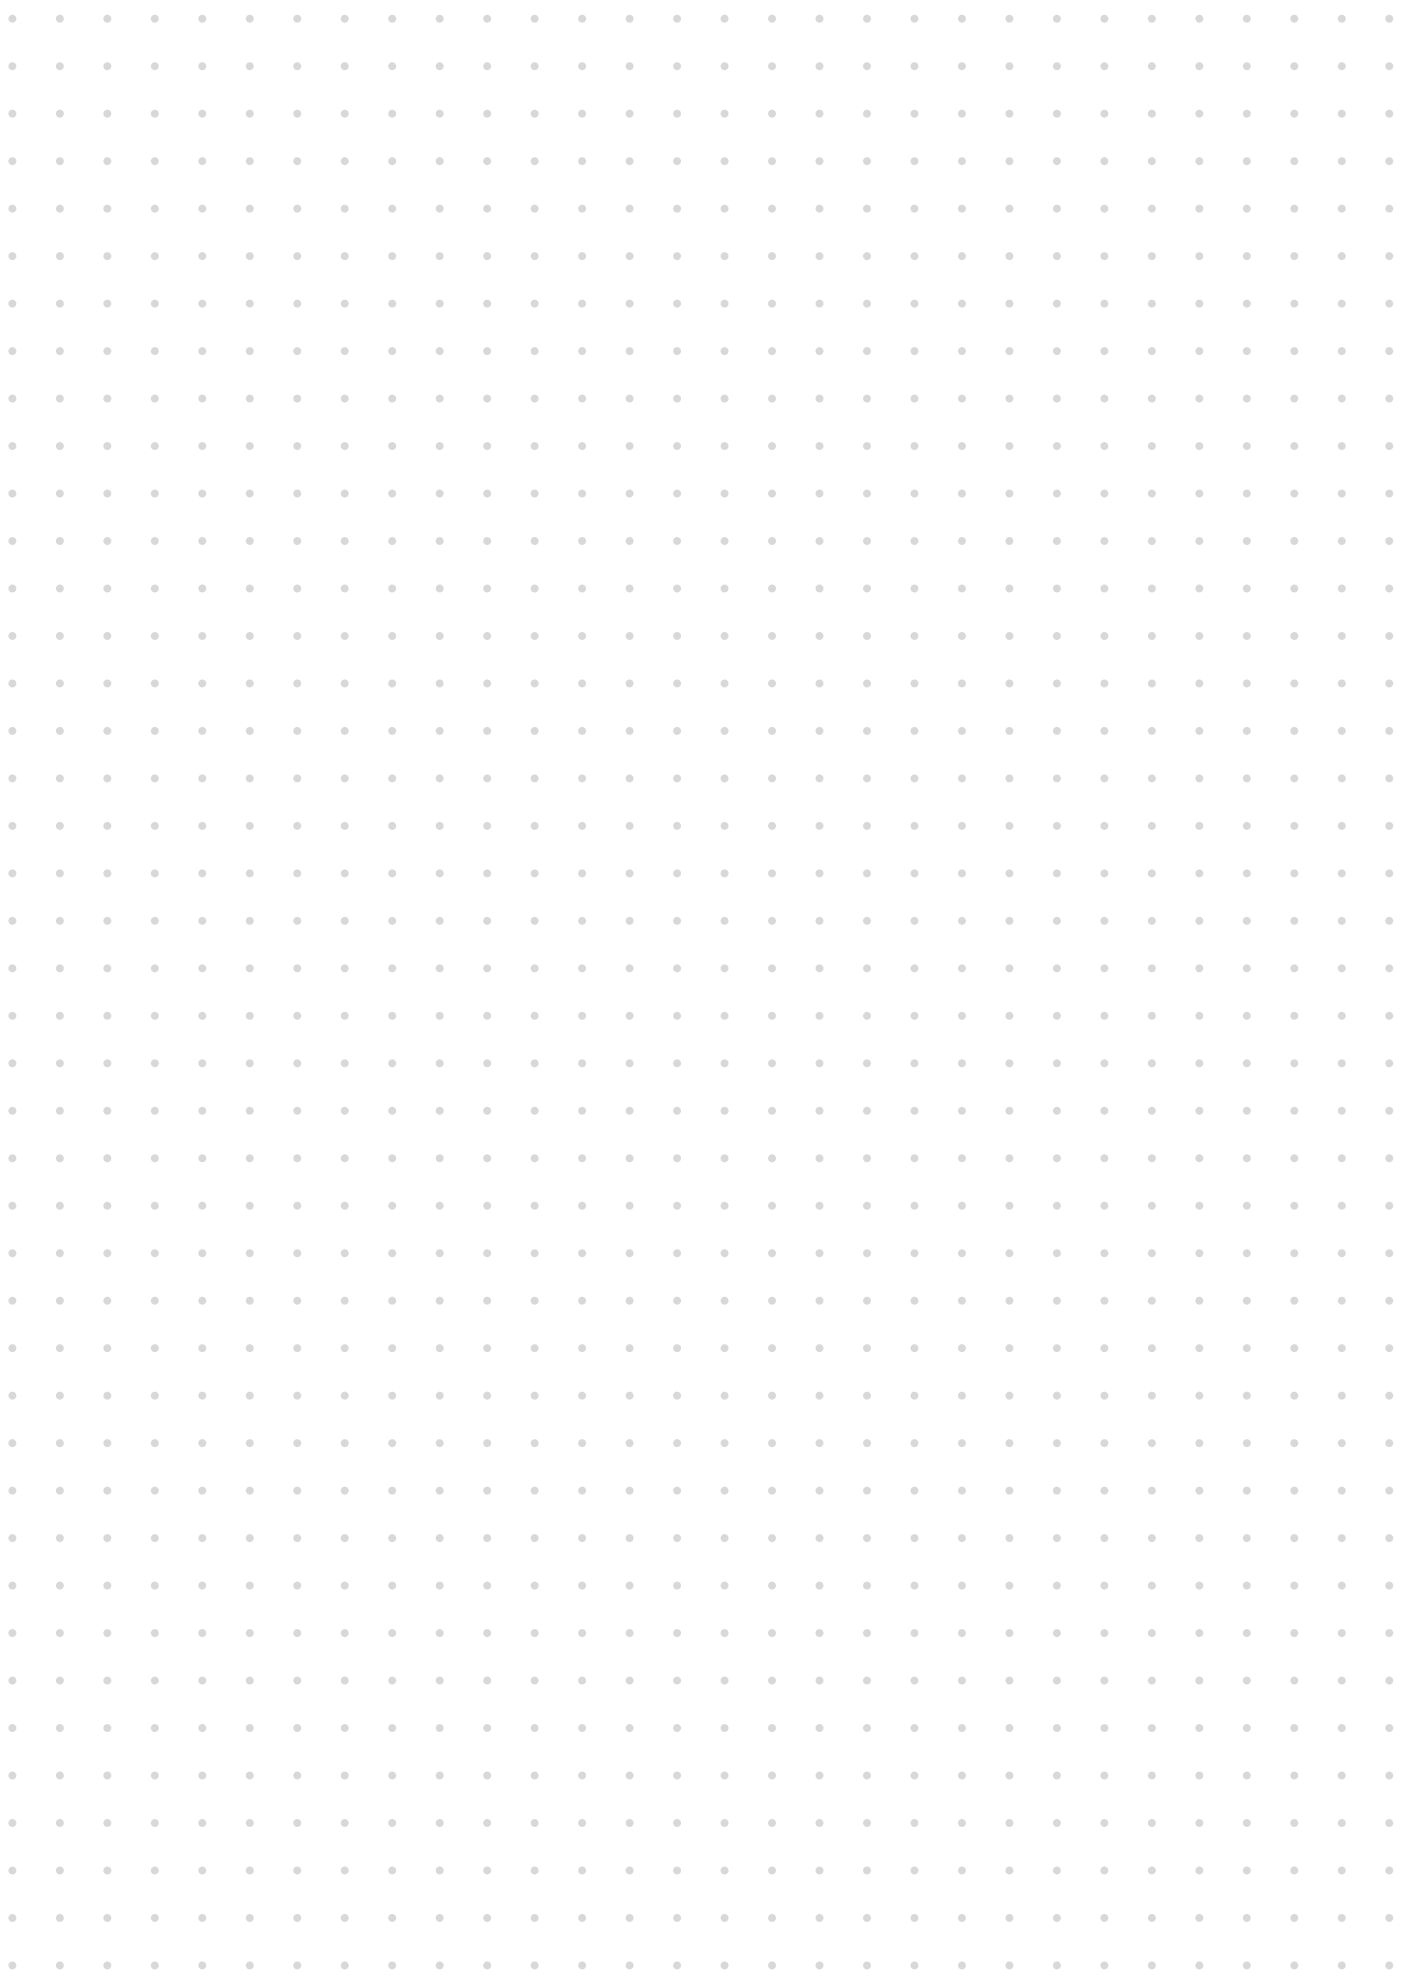

Having a strict value on what you want to invest is good, however having some flexibility to ensure you invest in the right products and not just the cheapest products will, in the long run, give a better result that may work out to be a lower cost than buying twice.

Working with The IPG member store and revising your plans and budget is the sensible way to achieve a bathroom you'll love.

Your notes

LOOK OUT FOR THIS LOGO!

With a network of well over 200 member locations nationwide, The IPG has recently undertaken a dual-branding exercise with several of its member outlets.

When you visit your local independent bathroom showroom or plumbing and heating store, we want you to be able to easily identify that they are part of the group, so you immediately know that you will be able to **buy the best brands at great prices.**
